

Pocono Piranhas

www.pfyswim.org

The Pocono Piranhas have been swimming since 1976. In that time thousands of children have been part of the successful swim program that has produced numerous National, State and District Qualifiers and a number of Junior Olympic, State and National Champions. Many of our swimmers have not only moved on to swim in college but many of our swimmers have received college scholarships not only for their swimming performances but also their leadership skills. The Piranhas program is open to children of all ages and abilities. Practices are available throughout the region at area schools and parks year round. Anyone can try it for a week for FREE. Just visit our website and click on link for FREE TRYOUT.
