Job Description & Responsibilities:

You will be pro-active in addressing any concerns that parents may have or anything you hear while at practice. We want to be sure that everyone who is part of the program is satisfied and to address any concerns before they have the ability to have a negative impact on the team. You will be a point of contact for general questions. No one should feel they cannot come to Mike or I or the rest of the coaching staff. It may from time to time for parents to come to you due to time constraints etc. Additionally you will hear what is going on in the stands. We will also need you to come to the parent advisory committee meetings so that we can implement suggestions and address concerns together.
