Job Description & Responsibilities:

You will arrange a fun night out and promote it to attract a large number of parents. The event should be affordable to most families if possible and if you can offer different costs (ie: maybe some won't want to join us for dinner but would want to come for socializing or drinks)

I have spoke with Danielle Jordan (Penelope's Mom) about doing a murder mystery dinner for the team that could also act as a fundraiser. She would donate her services. And I also talked to Sycamore Grill about a \$25pp buffet to make the cost \$30 per person for a fun night with entertainment. You might want to see if she would still do this as we spoke about it in the summer.
